Masking with DataMasker

VS

Seeding with others

See what industry experts say about us?

Nice App. Simple yet powerful. Love the ability to add a "where" condition. Only records that you want to, and more.

Adrien Feudjio
Technical System
Engineer, Cisco Systems

Customer trust is our first priority. We look for the most robust data security and privacy solution to safeguard it.

John Prokos
VP - Technology,
Education First

3 Week Go-Live

Why wait? Secure your data sooner with our 'Clicks, not code' apps & pre-built APIs.

3X PERFORMANCE

Mask up to 5M/hour. Avoid gruntwork by automating what other solutions can't.

1/3RD THE PRICE

Why pay more? Our licensing comes with free support & future upgrades.

DataMasker for Salesforce

Prevent security risks by replacing real customer data with dummy data. Automate GDPR, CPRA, HIPAA & InfoSec compliance. Table below compares features provided by Datamasker & other seeding tools

Feature	DataMasker	Typical Seeding Tools
High Security Architecture & Compliance Friendly		
Your real/sensitive data never leaves Salesforce	✓	✗
Masks real data imported by data load testing	✓	✗
Data residency is same as your Salesforce Org's	✓	Varies
Business & Production Support Considerations		
Data fix testing - Keep same IDs as Production	✓	✗
Number of records that can be masked	Unlimited	Limited
Business User Acceptance testing on your own data, with sensitive/PII masked	✓	✗
Test & Development Suitability		
Generate sample data for Dev and Unit test	✗	✓
Scale test for your specific data shape and skews	✓	✗
Integration test with your specific external IDs	✓	✗
Sandbox Data Protection & Readiness Capabilities		
Processing Speed	Upto 99M/24 hours	Varies
Removes User record info by obfuscation	✓	Maybe
Support for your custom Apex, RegEx & Lists	✓	Maybe
Removes 'invalid' for user email, updates remote sites & custom labels	✓	Maybe
Implementation Speed & Maintenance		
Typical Implementation duration	1-3 Weeks	Varies
Uses Lightning. No new UI/UX to learn	✓	✗
Sample pre-configured mapping for Std. Objects	✓	Maybe
Total Cost of ownership		
Mask unlimited records in any 4 Objects for free	✓	✗
List Price, per user/month	\$1.99	Varies
Premium Support	\$0.00	Varies

Cloud Compliance is based in Chicago, USA. It was founded in 2018 by former Salesforce engineers. They specialize in creating AppExchange products that focus on Salesforce data privacy, security & AI.
